

Disclosure of Per- and Polyfluoroalkyl Substances

EPEAT Criterion 6.2.5 – Disclosure of PFAS

Product Name :LCD Monitor

Model : 24B2N3200JH

ISSUED DATE:2026/7/29

The table below comprises the list of PFAS chemicals identified as present in the above listed product regardless of configuration. The information below represents the declarable substances in the

product to the best of our knowledge:

Substance	CAS No.	Substance Weight(g)	Component used	Purpose
Polytetrafluoroethylene	9002-84-0	0.02158	Choke	Insulation
Polytetrafluoroethylene	9002-84-0	0.012	Transformer	Insulation
Perfluoroethylene propylene copolymer	25067-11-2	0.564646833	Internal wire	Insulation
